±A Connection Fee of \$20 per line also applies (to first invoice, applicable to new line/ device only) to activate your service on the Rogers network. Where applicable, additional airtime, data, long distance, roaming, options and taxes are extra and billed monthly. A Device Savings Recovery Fee (DSRF) applies if you were given an economic inducement when you agreed to your new term, and if, for any reason, your wireless service or your new term is terminated prior to the end of the term of your Service Agreement (Service Agreement Term). The DSRF is equal to the economic inducement multiplied by the number of months remaining in your Service Agreement Term divided by the total number of months of your Service Agreement Term (plus applicable taxes). In other words,  $DSRF = \text{Economic Inducement} \times \# \text{ months left in your Service Agreement Term} \div \text{Total \# months in your Service Agreement Term} + \text{applicable taxes}$ . Price Plan Downgrade Fee. If, for any reason, you downgrade to a lower tier plan category during your term, then you will be charged a one-time price plan downgrade fee as set out in your service agreement. **1** The discount is a pre-tax discount off of the Monthly Services Fee (MSF) for the primary Individually Paid Line associated with any such price plan.
