Duncan Williams, President
Construction Association of Nova Scotia
134 Eileen Stubbs Ave #103,
Dartmouth, NS B3B 0A9

Dear Duncan,

On behalf of the Canadian Construction Association (CCA), congratulations to the Construction Association of Nova Scotia on being named the recipient of the CCA Partner Association Award of Excellence. It is a pleasure to recognize the efforts that CANS has made in providing our collective membership and our industry with the tools and information they need to better succeed, especially in such a challenging year.

As president of our national association, I am aware of how quickly our world changed and how our members relied on their local associations to continue to provide the information they needed to carry on their essential work. Moving your Commissioner of Oaths services online so quickly, and continuing to meet one-on-one with your members and new members through virtual means, demonstrates your ability to respond quickly and efficiently – qualities that will serve your association (and your members) well in the future.

Sincerely,

A handwritten signature in black ink, appearing to read 'mval'.

Mary Van Buren
CCA President
