

Gold Seal Certification

FOREPERSON

Foreperson applicants require a combination of industry experience, education and training to challenge the Gold Seal exam and, if successful, to become Gold Seal Certified (GSC).

The total number of credits required is 75.

EXPERIENCE

(minimum of 50 credits required)

Applicants Must:

- Be currently employed as a foreperson.
- Have at least five (5) years of experience as a foreperson.
- Have at least three (3) years experience within the Canadian industry.
- Three (3) years must be as foreman, remaining two (2) can be claimed without foreman title or duties

Scoring Rule: For every one year of eligible experience applicants receive 10 credits (1 year = 10 credits).

To claim experience applicants must provide one project per year where they were acting in the role of project manager on the outlined project.

EDUCATION

(minimum of 25 credits required)

Formal Education

Scoring Rule: Credits awarded for the highest level of formal education related to the construction industry – check off the highest level that applies to you.

- Tradesperson qualification = 10 credits
- Industry-related technician = 20 credits
- Technologist diploma = 25 credits
- Industry-related university degree = 30 credits
- Construction management degree program = 40 credits

Industry Seminars & Workshops

Applicants can gain credits from Gold Seal accredited workshops and training. All seminars, workshops, and courses must have been taken within the last 10 years and must be a minimum of six hours in duration and have a valid certificate.

These can include:

- CANS award-winning Education & Training courses
- Mandatory Construction Ethics (online or in-class); Construction 101: And Beyond and Leadership for Safety Excellence or equivalent.
- Non-technical safety training (a maximum of five (5) credits for safety can be claimed)

What is Gold Seal Certification?

The Canadian Construction Association's (CCA) Gold Seal Certification (GSC) program establishes the highest standard of excellence through Gold Seal Certification.

Gold Seal Certified (GSC) construction management professionals have attained the highest standard of excellence in the industry, have proven industry experience and are held in the highest regard. Companies that employ GSC professionals are seen as leaders for their commitment to quality and excellence through education, training, and continual skill development.

The Gold Seal program is maintained by the industry, for the industry.

Career-changing value.

When you meet the Gold Seal expectations of excellence you receive a Gold Seal certificate attesting to your success.

- Demonstrate excellence through certified experience and nationally recognized validation of your skills, competence and knowledge.
- Build trust by gaining valuable ethics knowledge.
- Make connections with a network of well over 10,000 respected peers and feel part of a large and inclusive collective of like-minded professionals.
- Gain a competitive edge and stand apart with nationally recognized education and experience.
